Ending the Demand**

Real Men Don't Buy Women.

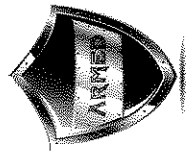

- There are more women employed in the sex industry than at any time in history.
- Over 80% of women in the sex industry have Post-Traumatic Stress Disorder.
- Most trafficked women are forced to work in the sex industry through violence, fraud or coercion and are physically assaulted or psychologically brutalized daily.

Real Men Don't Buy Children.

- Every minute, two children become victims of sexual exploitation.
- The average age a person enters into sex trafficking is 12 years of age for both girls and boys.
- Children can be sold over and over for years to come, making them highly profitable for traffickers around the world.

Are you a Real Man?

If so, take the pledge today and do your part in Ending the Demand.

Sex Trafficking is the recruitment, harboring, transportation, provision, or obtaining of a person for the purpose of a commercial sex act where such an act is induced by force, fraud, or coercion.

- Sex Trafficking is a \$32 billion a year industry which is still on the rise.
- Victims of trafficking can be used and abused over and over. For this reason, trafficking is surpassing the illegal sale of drugs and firearms worldwide.
- The average trafficked life span is 3 to 7 years; most dying from sexual attacks, HIV/STDs, malnutrition or suicide.
