World Wide Organ Harvesting

World Studies

Grade 10

Overview

The learners will be given a 5 question pre test over their knowledge of Organ trafficking. They will have 5 - 7 minutes to complete this act. Test is not graded.

Next, the pupils will go through a powerpoint with their student teachers. The power point contains information, statistics, and stories about real organ harvesting victims and events. This will take 10 or so minutes.

After this there may be an interactive game that Brendan will lead with the class. 5 minutes.

To conclude, we will have a discussion about what was learned and taken in, opinions, questions, ect. If the class seemed out of control the test will be given again, this time with 15 questions, and graded with 30 points.

5 points will go to each pupil if they are interactive and quiet.
